Materials will be produced to support Dioceses and schools for the reception and passing on of the Icon. This will take the form of a Novena of preparation and a short prayer service for the arrival and departure of the Icon.

In addition we hope to share the Liturgy, including the Mass parts, for preparing schools for the National Mass. (Head Teachers have been canvassed regarding the numbers they hope to send to the Mass and an appropriate cost per pupil to cover the costs of organising such an event– however, these numbers will inevitably change. We hope schools will be able to bring as many pupils as they want to. The proposal is for a 12pm arrival at the stadium for a 1pm Mass. Departure at approximately 3pm)

Dates have still to be confirmed for the Parliamentary exhibition and the Scottish Government reception

Forward Planning Table:

Scottish Catholic Education Service Updated January 2018

The table below is adapted from the one sent to all schools and Dioceses with the 'placemats' of suggested activities in May 2017. At this time all schools, clusters and Dioceses were asked to consider how best to mark the centenary within their local area and send any plans to SCES. We have now

If your Diocese **has not sent a note** of the planned activities in your area, could you please use this template to record your plans and return this to SCES as soon as possible and by the 15th December at the latest.
